

Turnberry Aviation

Miami, FL

**THE ULTIMATE CORPORATE
HANGAR FACILITY TAKES FLIGHT**

ULTIMATE LUXURY AND COMFORT

Turnberry Aviation is the corporate flight division of Turnberry Associates which has owned and operated a corporate aviation division for over 25 years. Turnberry Aviation has designed, built and operates its own corporate hangar facility, allowing Turnberry Aviation the opportunity to provide the same high level of service to other corporate flight departments with state-of-the-art amenities and benefits.

Located on the Opa-locka Executive Airport (KOPF), 7 miles North of Miami International Airport, 12 miles NW of city center and 3 miles from Dolphin Stadium. Opa-locka Executive Airport, the largest of Miami-Dade County's General Aviation Airports, is open 24 hours a day, 7 days a week. Opa-locka Executive Airport handles a variety of private, pleasure and business flights and is a reliever for Miami International Airport.

ULTIMATE ACCESS AND CONVENIENCE

Opa-Locka Executive Airport (KOPF) enjoys having one of the longest general aviation runways in the country at 8,002 feet. Runway 9L/27R can handle virtually all types of aircraft. Three instrument landing approaches permit operations in both VFR and IFR conditions.
